## ABOUT

I am a chartered surveyor turned **fullstack web developer**. I have recently graduated from Le Wagon's 9 week **Ruby on Rails coding bootcamp** in London.

Having completed a **Masters degree at Cass Business School**, and worked at **PwC** and **BNP Paribas Real Estate** in a high-paced environment, I am equipped with a unique blend of the highest level of professionalism, coding skills and an appreciation for excellent design.

I build elegant, functional and user-friendly websites and web applications, while all the time **seeking to improve my programming knowledge**. I am currently learning **React JS**.

## PROFESSIONAL EXPERIENCE

- **LE WAGON | LONDON | SEPTEMBER 2018 – DECEMBER 2018**  
9 week fullstack coding bootcamp, ranked #1 on SwitchUp.
- **STRUTT & PARKER / BNP PARIBAS REAL ESTATE | LONDON | 2014 – 2018**  
London Residential Development & Investment, and City Commercial Investment.
- **PwC | LONDON | 2011 – 2013**  
Assurance and Forensic Services.

## EDUCATION & QUALIFICATIONS

- **Le Wagon | LONDON**  
Fullstack coding bootcamp
- **ROYAL INSTITUTION OF CHARTERED SURVEYORS**  
Became chartered in 2016
- **CASS BUSINESS SCHOOL | LONDON**  
Post Graduate MSc in Real Estate
- **KAPLAN FINANCIAL | LONDON**  
ICAEW – attained 9 ACA exams
- **UNIVERSITY OF EDINBURGH**  
MA (Hons) Geography – attained: 2:1

## PERSONAL INTERESTS

Hailing from Scotland, I love the outdoors and travelling. My love of adventure was reinforced by my experience as an assistant manager and front-of-house host in a luxury safari camp in Kenya.

Last year I organised for a group of 21 colleagues to successfully attempt the National Three Peaks Challenge in aid of Cancer Research UK.

## SKILLS

- **RUBY**
- **RUBY ON RAILS**
- **HTML5**
- **CSS/SASS**
- **BOOTSTRAP**
- **AJAX**
- **HEROKU**
- **GITHUB**
- **JAVASCRIPT**
- **SQL**
- **JQUERY SQL**
- **MVC ARCHITECTURE**

## WEB DEVELOPMENT PROJECTS

- **Bridge.** | A peer-to-peer lending app built with Ruby on Rails employing JavaScript and AJAX. Designed, implemented and shipped to production over the final two weeks of Le Wagon.
- **devici** | AirBnB-style platform for loaning electronic devices. App implemented searching and geocoding in Rails.
- **Food delivery app** | Using MVC architecture.
- **Personal landing page** | visit [www.kate-buxton.com](http://www.kate-buxton.com) for more information and projects.
